Tuesday, May 1, 2012

for the 2012 Diabetes and Kidney Advocacy Day in Lansing

Diabetes and Kidney Advocacy Day will provide:

- A presentation by Dr. Ann Albright - Director, Division of Diabetes Translation Centers for Disease Control and Prevention about the importance of public health programming to prevent and manage diabetes and chronic kidney disease
- Coaching on having successful meetings with your state legislators
- The opportunity to educate legislators about diabetes and kidney disease issues and advocate for disease prevention and management programs in Michigan
- Interaction with people working for better health care in Michigan
- Recognition of people/programs that are improving health in Michigan
- Bus transportation for people traveling from the Detroit and Flint areas (limited - please call for information)

For more information please contact:
